

**Clarification Request****References:** BTL Test Plan-16.1**Date of BTL-WG Response:**2023-04-17**Problem:** Many test applicants claim supports for below claim in Functionality Checklist

Network Management - Routing		
X	R	Base Requirements
	C1	Routes packets between physical BACnet LANs
X	C1	Routes packets between a physical LAN and one or more virtual LANs

However, they do not claim support for GW-VN-B BIBB, or do not claim support for B-GW profile.

**Question:**

1. Is it mandatory to claim support for GW-VN-B BIBB if virtual routing is implemented?

**Response:**

1. No.
